DESCRIPTION
611 A72 BELT ASSY. (FRONT SEAT COMPLETE) - Also refer to group 611B08-9 or 61202-3 AND 611A73 CONT'D
NOTE: \(\quad \dagger\) Includes black buckle, \(\boldsymbol{\Delta}\) Include bright finished buckle, @ with trim code ending in P, • with trim code ending in R
NOTE: Standard parts are listed at the end of this group.
NOTE: Belts listed are the only ones available at time of printing. If color is not shown replace with the approriate black belt.

\section*{INSTRUCTIONS}

Determine correct Group Number by referring to an appropriate illustration in the Interior Trim Illustration Section or to the Soft Trim Alphabetical Index. Identify Model, Year, Body Type and Trim Code by referring to sample Certification Label shown and refer to the reneral Information Section for a complete listing of Series and Body Type Codes.
```

                    THIS YEHICLE CONFORMS ALL APPLICLALE FEDERLL MOTOR YEHICLE SAFETY AND 
    SERIES CODES:
THE THIRD AND FOURTH DIGITS OF THE VEHICLE IDENTIFICATION NUMBER IDENTIFY THE BODY SERIES.
BODY TYPE CODES:
this code appears below "body" and identIFIES the body type Of the unit.
VINYL ROOF COVER CODES:
this CODE APPEARS bELOW "Vr"'aND IDENTIFIES THE VINYL ROOF STYLE, TYPE OF gRAIN aND COLOR.
TRIM CODES:
THE CODE SHOWN BELOW "INT. TRIM" IDENTIFIES THE TYPE OF SEAT, COLOR AND TYPE OF MATERIALS
USED IN THE INTERIOR UPHOLSTERY AS WELL AS THE COLOR OF THE INTERIOR PAINT.

```

For your convenience the Soft Trim Sections are arranged according to year and car line. For example, each year ( 1980 , etc.) is sequenced according to catalog model code, i.e., A(Ford), F (Mustang), G (Granada), etc. and each section contains all applicable Soft Trim parts.

Each Soft Trim Section consists of. (1) Trim Scheme Codes. (2) Vinyl Roof Cover Codes. (3) Listing of Soft Trim Parts.

\section*{TRIM SCHEME CODES}

Consists of: (1) Listing of Trim Scheme Code arranged in alphabetical order for each model, i.e. Ford Section (A), Mustang Section (F), etc.
(2) Description of Trim Schemes.
(3) Type of Seat.

How to use :
Identify Model, Body Type and Trim Code and apply this information to listing of Trim Scheme Codes. (For material identification refer to salesman's Color and Trim Selection Guide).

For example:
To determine description of trim scheme and type of seat for Trim Code DD on a 1980 Ford Four Door Sedan, refer to pages 1, 2 etc. of the 1980 Soft Trim Section A. As shown on page 1, Trim Code DD indicates (1) Body types ( \(54 \mathrm{H}, 66 \mathrm{H}\) ). (2) Trim scheme description (Red vinyl and Red cloth). (3) Type of seat (S/B) Split bench seat.

\section*{SOFT TRIM PARTS FOR ALL MODELS}

Consists of: (1) Parts cataloged by trim code and color (e.g. groups 02344-5, 24346-7, etc.).
(2) Parts cataloged by trim code only (e.g. groups 23942-3, 62900, etc.)
(3) Miscellaneous parts (e.g. groups 45422-3, 47042, etc.).

\section*{PARTS CATALOGED BY COLOR}
(1) Identify Model, Year, Body Type and Color of desired part. (2) Determine Group Number of part. (3) Locate appropriate Trim Code and Color listed at top of page. Second character of trim code generally applicable to each color is also shown above the color as an additional aid. When color of part is in doube refer to the list of Trim Codes for further identification. (4) Match Color with Model and Body Type to select desired part number.

For example: Should a Red cut pile Floor Carpet, (Group 13000) be desired for a 1980 Ford (1) Refer to Group 13000 in the 1980 Soft Trim Section A. (2) Read list of Colors above title to find Red. (3) Read down to find A--cut pile. (4) Part number shown is D9AZ 5413000 and suffix in "Red" column is F .

\section*{SOFT TRIM PARTS FOR ALL MODELS - continued}

\section*{PARTS CATALOGED BY TRIM CODE}
(1) Identify Model, Year, Body Type and Trim Code. (2) Determine Group Number of part.
(3) Locate appropriate Trim Code (listing of Trim Codes precedes each Body Type).
(4) Match Model and Body Type with Trim Code to select part number.

For example: Should a R.H. Rear Door Trim Panel, (Group 27406) be required for a 1980 Ford Four Door Sedan, Trim Code DD -
(1) Refer to Group 27406 in the 1980 Soft Trim Section A. (2) Read down to locate \(A(54 H)\).-
(3) Read trim codes (listed alphabetically) to find Trim Code DD. (4) Part number shown is EOMZ 5427406 and suffix listed is ABD.

\section*{3 DIGIT TRIM CODES}

Parts for 3 digit trim codes ending with an alphabet (e.g. DDA) are listed with parts cataloged by trim code. Parts for 3 digit trim codes ending with a numeral (e.g. DD1) normally are not cataloged Refer to the listing of Trim Codes to determine which parts are available through service. For parts which are not available for service contact your Service Representative, who will process in accordance with General ICC bulletin No. 7526.

\section*{P. 16180}

The first and second position of the vinyl roof code indicate the type of graim (first position) and the color (second position).

For example:
HD under vinyl roof code \((\mathrm{H})\) means with Grande grain
full Maroon/Red bright vinyl roof (D).
In listing which follows the vinyl roof covers are arranged by body type and the vinyl roof cover Code as listed on the Certification Label.

The first and second position of the vinyl roof code indicate the type of grain (first position) and the color (second position).

For example:
HD under vinyl roof code \((\mathrm{H})\) means with Grande grain full Maroon/Red bright vinyl roof (D).

In listing which follows the vinyl roof covers are arranged by body type and the vinyl roof cover Code as listed on the Certification Label.

\section*{1980/89}

\section*{INSTRUCTIONS}

Determine correct Group Number by referring to an appropriate illustration in the Interior Trim Illustration Section or to the Soft Trim Alphabetical Index. Identify Model, Year, Body Type and Trim Code by referring to sample Certification Label shown and refer to the General Information Section for a complete listing of Series and Body Type Codes.

``` bumper stamonros in effec om the dite of manufacture shown aboye
YEH. IOENT. NO. OG63G100001
TYPE PASSENGER
```

```
SERIES CODES:
The third and fourth digits of the Vehicle Identification Number identify the body series.
BODY TYPE CODES:
This code appears below "Body" and identifies the body type of the unit.
VINYL ROOF COVER CODES:
This code appears below "VR" and identifies the vinyl roof style, type of grain and color.
TRIM CODES:
The code shown below "INT. TRIM" identifies the type of seat, color and type of materials used in the interior upholstery as well as the color of the interior paint.
```

For your convenience the Soft Trim Sections are arranged according to year and car line. For example, each year (1980, etc.) is sequenced according to catalog model code, i.e., MA (Mercury), MF (Cougar), MG (Monarch), etc. and each section contains all applicable Soft Trim parts.

Each Soft Trim Section consists of, (1) Trim Scheme Codes, (2) Vinyl Roof Cover Codes, (3) Listing of Soft Trim Parts.

## TRIM SCHEME CODES

Consists of: (1) Listing of Trim Scheme Code arranged in alphabetical order for each model, i.e., Mercury Section (MA), Cougar Section (MF), etc.
(2) Description of Trim Schemes.
(3) Type of Seat.

How to use: Identify Model, Body Type and Trim Code and apply this information to listing of Trim Scheme Codes. (For material identification refer to salesman's Color and Trim Selection Guide.)

For example:
To determine description of trim scheme and type of seat for Trim Code GD on a 1980 Mercury Four Door Sedan, refer to pages 1, 2 etc. of the 1980 Soft Trim Section MA. As shown on page 1, Trim Code GD indicates (1) Body types (54K, 66K). (2) Trim scheme description (Red vinyl and Red cloth). (3) Type of seat (FWA) Full width seat with center arm rest.

## SOFT TRIM PARTS FOR ALL MODELS

Consists of: (1) Parts cataloged by trim code and color (e.g., groups 02344-5, 24346-7, etc.)
(2) Parts cataloged by trim code only (e.g., groups 23942-3, 62900, etc.)
(3) Miscellaneous parts (e.g., groups 45422-3, 47042, etc.)

## PARTS CATALOGED BY COLOR

(1) Identify Model, Year, Body Type and Color of desired part. (2) Determine Group Number of part, (3) Locate appropriate Trim Code and Color listed at top of page. Second character of trim code generally applicable to each color is also shown above the color as an additional aid. When color of part is in doubt refer to the list of Trim Codes for further identification. (4) Match Color with Model and Body Type to select desired part number.

For example: Should a Red cut pile Floor Carpet, (Group 13000) be desired for a 1980 Mercury - (1) Refer to Group 13000 in the 1980 Soft Trim Section MA. (2) Read list of Colors above title to find Red. (3) Read down to find MA cut pile. (4) Part number shown is D9AZ 5413000 and suffix in "Red" column in F.

## SOFT TRIM PARTS FOR ALL MODELS - Continued

## PARTS CATALOGED BY TRIM CODE

(1) Identify Model, Year, Body Type and Trim Code. (2) Determine Group Number of part. (3) Locate appropriate Trim Code (listing of Trim Codes precedes each Body Type). (4) Match Model and Body Type with Trim Code to select part number.

For example: Should a R.H. Rear Door Trim Panel, (Group 27406) be required for a 1980 Mercury Four Door Sedan, Trim Code GD -
(1) Refer to Group 27406 in the 1980 Soft Trim Section (MA), (2) Read down to locate MA(54K, 74K). (3) Read trim codes (listed alphabetically) to find Trim Code GD. (4) Part number shown is EOMY 5427406 and suffix listed as AGD.

## 3 DIGIT TRIM CODES

Parts for 3 digit trim codes ending with an alphabet (e.g., GDA) are listed with parts cataloged by trim code. Parts for 3 digit trim codes ending with a numeral (e.g., GD1) normally are not cataloged. Refer to the listing of Trim Codes to determine which parts are available through service. For parts which are not available for service contact your Service Representative, who will process in accordance with General ICC bulletin No. 7526.

1980 SOFT TRIM SCHEME CODES

$$

The first and second position of the vinyl roof code indicate the type of grain (first position) and the color (second position).

For example.
HD under vinyl roof code $(H)$ means with Grande grain full Maroon/Red bright vinyl roof (D).

In listing which follows the vinyl roof covers are arranged by body type and the vinyi roof cover Code as listed on the Certification Label.

    ## TWIN (w/carpet)

    
    

    ## 1980/89

    

    # THIS VEHICLE CONFORMS AL bumper standaros in eff 

    

    P-16180

    The first and second position of the vinyl roof code indicate the type of grain (first position) and the color (second position)

    For example:
    HD under vinyl roof code ( H ) means with Grande grain
    Full Maroon/Red bright vinyl roof (D)
    In listing which follows the vinyl roof covers are arranged by body type and the vinyl roof cover Code as listed on the Certification table.
